STANDARD PROCEDURES FOR REQUESTS OF RECORDS

Compliance with FOIA requests does not compel the Village to interpret or advise petitioners as to the meaning or significance of the public records provided.

A request for records will be complied with or denied within five business days unless the request is determined to be for commercial purposes in which case the Village has 21 days to respond. In the event of a denial, notification to the petitioner will be made by letter. Failure of the Village to respond to a request for records will be considered a denial. If the Village needs more time to process the request, the FOIA officer will notify the petitioner within the five business days timeframe that five additional business days may be required to process the request.

In the case of the denial of a request for records, the petitioner will be notified by the FOIA official in writing of: 1) the decision to deny the request; 2) the reasons for the denial; 3) the names and titles or positions of each person responsible for the denial; 4) the right to review by the State of Illinois Public Access Counselor; and 5) the right to judicial review. In accordance with the Illinois FOIA Act, appeals of the local FOIA official's determination must be made to the Illinois Public Access Counselor. Appeals are no longer heard locally.

A requestor whose request is denied by the Village FOIA official may, within 60 days, file a written request for review with the Illinois Public Access Counselor:

**AN ORDINANCE OF THE VILLAGE OF MUNDELEIN
GOVERNING FREEDOM OF INFORMATION ACT REQUESTS**

ORDINANCE NO. 10-01-01

BE IT ORDAINED BY THE PRESIDENT AND THE BOARD OF TRUSTEES OF THE VILLAGE OF MUNDELEIN, LAKE COUNTY, ILLINOIS, pursuant to its home rule powers, Section 6 of Article VII of the Constitution of the State of Illinois, as well as all other applicable authority as follows:

SECTION 1. Presumption. All records in the custody or possession of the Village are presumed to be open to inspection or copying.

SECTION 2. Definitions. The definitions applicable to this Ordinance shall be the same as the definitions provided in 5 ILCS 140/2, and as may be amended from time to time.

SECTION 3. Records of funds. All records relating to the obligation, receipt, and use of public funds of the State, units of local government, and school districts are public records subject to inspection and copying by the public.

SECTION 4. Payrolls. Certified payroll records submitted to the Village under Section 5(a)(2) of the Prevailing Wage Act are public records subject to inspection and copying; except that contractors' employees' addresses, telephone numbers, and social security numbers must be redacted by the Village prior to disclosure.

SECTION 5. Arrest reports and criminal history records.

(a) Arrest reports. The following chronologically maintained arrest and criminal history information maintained by State or local criminal justice agencies shall be furnished as soon as practical, but in no event later than 72 hours after the arrest, notwithstanding the time limits otherwise provided for in Section 7 of this Ordinance: (i) information that identifies the individual, including the name, age, address, and photograph, when and if available; (ii) information detailing any charges relating to the arrest; (iii) the time and location of the arrest; (iv) the name of the investigating or arresting law enforcement agency; (v) if the individual is incarcerated, the amount of any bail or bond; and (vi) if the individual is incarcerated, the time and date that the individual was received into, discharged from, or transferred from the arresting agency's custody.

(b) Criminal history records. The following documents maintained by the Village pertaining to criminal history record information are public records subject to inspection and copying by the public pursuant to this Ordinance: (i) court records that are public; (ii) records that are otherwise available under State or local law; and (iii) records in which the requesting party is the individual identified, except to the extent that

disclosure would endanger the life or physical safety of law enforcement personnel or any other person.

(c) Information described in items (iii) through (vi) of subsection (a) may be withheld if it is determined that disclosure would: (i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement agency; (ii) endanger the life or physical safety of law enforcement or correctional personnel or any other person; or (iii) compromise the security of any correctional facility.

SECTION 6. Settlement agreements. All settlement agreements entered into by or on behalf of the Village are public records subject to inspection and copying by the public, provided that information exempt from disclosure under 5 ILCS 140/7 may be redacted.

SECTION 7. (a) The Village shall make available to any person for inspection or copying all public records, except as otherwise provided in 5 ILCS 140/7. Notwithstanding any other law, the Village may not grant to any person or entity, whether by contract, license, or otherwise, the exclusive right to access and disseminate any public record as defined in this Ordinance.

(b) Subject to the fee provisions of 5 ILCS 140/6, the Village shall promptly provide, to any person who submits a request, a copy of any public record required to be disclosed under subsection (a) of this section and shall certify such copy if so requested.

(c) Requests for inspection or copies shall be made in writing and directed to the Village. Written requests may be submitted to the Village via personal delivery, mail, telefax, or other means available to the Village. The Village may honor oral requests for inspection or copying. The Village shall not require that a request be submitted on a standard form or require the requester to specify the purpose for a request, except to determine whether the records are requested for a commercial purpose or whether to grant a request for a fee waiver. All requests for inspection and copying received by the Village shall immediately be forwarded to its Freedom of Information officer or designee.

(d) The Village shall either comply with or deny a request for public records within five business days after receipt of the request, unless the time for response is properly extended under subsection (e) of this section. Denial shall be in writing as provided in 5 ILCS 140/9. Failure to comply with a written request, extend the time for response, or deny a request within five business days after its receipt shall be considered a denial of the request. If the Village fails to respond to a request within the requisite periods in this section but thereafter provides the requester with copies of the requested public records, it may not impose a fee for such copies. If the Village fails to respond to a request received, it may not treat the request as unduly burdensome under subsection (g).

(e) The time for response under this section may be extended by the Village for not more than five business days from the original due date for any of the following reasons:

1. The requested records are stored in whole or in part at other locations than the office having charge of the requested records;
2. The request requires the collection of a substantial number of specified records;
3. The request is couched in categorical terms and requires an extensive search for the records responsive to it;
4. The requested records have not been located in the course of routine search and additional efforts are being made to locate them;
5. The requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure under 5 ILCS 140/7 or should be revealed only with appropriate deletions;
6. The request for records cannot be complied with by the Village within the time limits prescribed by paragraph (c) of this Section without unduly burdening or interfering with the operations of the Village;
7. There is a need for consultation, which shall be conducted with all practicable speed, with another public body or among two or more components of the Village having a substantial interest in the determination or in the subject matter of the request.

The person making a request and the Village may agree in writing to extend the time for compliance for a period to be determined by the parties. If the requester and the Village agree to extend the period for compliance, a failure by the Village to comply with any previous deadlines shall not be treated as a denial of the request for the records.

(f) When additional time is required for any of the above reasons, the Village shall, within five business days after receipt of the request, notify the person making the request of the reasons for the extension and the date by which the response will be forthcoming. Failure to respond within the time permitted for extension shall be considered a denial of the request. If the Village fails to respond to a request within the time permitted for extension but thereafter provides the requester with copies of the requested public records, it may not impose a fee for those copies. If the Village requests an extension and subsequently fails to respond to the request, it may not treat the request as unduly burdensome under subsection (g).

(g) Requests calling for all records falling within a category shall be complied with unless compliance with the request would be unduly burdensome for the Village and there is no way to narrow the request and the burden on the Village outweighs the public interest in the information. Before invoking this exemption, the Village shall extend to the person making the request an opportunity to confer with it in an attempt to reduce the request to manageable proportions. If the Village responds to a categorical request by stating that compliance would unduly burden its operation and the conditions described above are met, it shall do so in writing, specifying the reasons why it would be unduly burdensome and the extent to which compliance will so burden the operations of the Village. Such a response shall be treated as a denial of the request for information. Repeated requests from the same person for the same records that are unchanged or identical to records previously provided or properly denied under this Ordinance shall be deemed unduly burdensome under this provision.

(h) The time periods for compliance or denial of a request to inspect or copy records set out in this Section shall not apply to requests for records made for a commercial purpose. Such requests shall be subject to the provisions of Section 8 of this Ordinance.

SECTION 8. Requests for commercial purposes.

(a) The Village shall respond to a request for records to be used for a commercial purpose within 21 working days after receipt. The response shall (i) provide to the requester an estimate of the time required by the Village to provide the records requested and an estimate of the fees to be charged, which the Village may require the person to pay in full before copying the requested documents, (ii) deny the request pursuant to one or more of the exemptions set out in 5 ILCS 140/7 or 140/7.5, (iii) notify the requester that the request is unduly burdensome and extend an opportunity to the requester to attempt to reduce the request to manageable proportions, or (iv) provide the records requested.

(b) Unless the records are exempt from disclosure, the Village shall comply with a request within a reasonable period considering the size and complexity of the request, and giving priority to records requested for non-commercial purposes.

(c) It is a violation of this Ordinance for a person to knowingly obtain a public record for a commercial purpose without disclosing that it is for a commercial purpose, if requested to do so by the Village.

SECTION 9. This Ordinance is not intended to compel the Village to interpret or advise requesters as to the meaning or significance of the public records.

SECTION 10. Freedom of Information Officers.

(a) The Village hereby designates the Chief of Police as its Freedom of Information Officer for requests for police records submitted to the Police Department,

the Chief of Fire as its Freedom of Information Officer for requests for medical records, and the Assistant Village Administrator as its Freedom of Information Officer for all requests not involving police or medical records. Except in instances when records are furnished immediately, the Freedom of Information Officer, or his or her designees, shall receive requests submitted to the Village under this Ordinance, ensure that the Village responds to requests in a timely fashion, and issue responses under this Ordinance. The Freedom of Information Officer shall develop a list of documents or categories of records that the Village shall immediately disclose upon request.

Upon receiving a request for a public record, the Freedom of Information Officer shall:

1. Note the date the Village receives the written request;
2. Compute the day on which the period for response will expire and make a notation of that date on the written request;
3. Maintain an electronic or paper copy of a written request, including all documents submitted with the request until the request has been complied with or denied; and
4. Create a file for the retention of the original request, a copy of the response, a record of written communications with the requester, and a copy of other communications.

(b) The Freedom of Information Officer shall, within six months after the effective date of this Ordinance, successfully complete an electronic training curriculum to be developed by the Public Access Counselor and thereafter successfully complete an annual training program. Thereafter, whenever a new Freedom of Information Officer is designated by the Village, that person shall successfully complete the electronic training curriculum within 30 days after assuming the position. Successful completion of the required training curriculum within the periods provided shall be a prerequisite to continue serving as a Freedom of Information Officer.

SECTION 11. The Village shall prominently display at each of its administrative or regional offices, make available for inspection and copying, and send through the mail if requested, each of the following:

(a) A brief description of itself, which will include, but not be limited to, a short summary of its purpose, a block diagram giving its functional subdivisions, the total amount of its operating budget, the number and location of all of its separate offices, the approximate number of full and part-time employees, and the identification and membership of any board, commission, committee, or council which operates in an advisory capacity relative to the operation of the Village, or which exercises control over its policies or procedures, or to which the Village is required to report and be answerable for its operations; and

(b) A brief description of the methods whereby the public may request information and public records, a directory designating the Freedom of Information officer or officers, the address where requests for public records should be directed, and any fees allowable under Section 13 of this Ordinance.

(c) The Village shall also post this information on its website.

SECTION 12. As to public records prepared or received after the effective date of this Ordinance, the Village shall maintain and make available for inspection and copying a reasonably current list of all types or categories of records under its control. The list shall be reasonably detailed in order to aid persons in obtaining access to public records pursuant to this Ordinance. The Village shall furnish upon request a description of the manner in which public records stored by means of electronic data processing may be obtained in a form comprehensible to persons lacking knowledge of computer language or printout format.

SECTION 13. Authority to charge fees.

(a) When a person requests a copy of a record maintained in an electronic format, the Village shall furnish it in the electronic format specified by the requester, if feasible. If it is not feasible to furnish the public records in the specified electronic format, then the Village shall furnish it in the format in which it is maintained by the Village, or in paper format at the option of the requester. The Village may charge the requester for the actual cost of purchasing the recording medium, whether disc, diskette, tape, or other medium. The Village may not charge the requester for the costs of any search for and review of the records or other personnel costs associated with reproducing the records. Except to the extent that the General Assembly expressly provides, statutory fees applicable to copies of public records when furnished in a paper format shall not be applicable to those records when furnished in an electronic format.

(b) Except when a fee is otherwise fixed by statute, the Village may charge fees reasonably calculated to reimburse its actual cost for reproducing and certifying public records and for the use, by any person, of the equipment of the Village to copy records. No fees shall be charged for the first 50 pages of black and white, letter or legal sized copies requested by a requester. The fee for black and white, letter or legal sized copies shall not exceed 15 cents per page. If the Village provides copies in color or in a size other than letter or legal, the Village may not charge more than its actual cost for reproducing the records. In calculating its actual cost for reproducing records or for the use of the equipment of the Village to reproduce records, the Village shall not include the costs of any search for and review of the records or other personnel costs associated with reproducing the records. Such fees shall be imposed according to a standard scale of fees, established and made public by the Village. The cost for certifying a record shall not exceed \$1.

(c) Documents shall be furnished without charge or at a reduced charge, as determined by the Village, if the person requesting the documents states the specific purpose for the request and indicates that a waiver or reduction of the fee is in the

public interest. Waiver or reduction of the fee is in the public interest if the principal purpose of the request is to access and disseminate information regarding the health, safety and welfare or the legal rights of the general public and is not for the principal purpose of personal or commercial benefit. For purposes of this subsection, "commercial benefit" shall not apply to requests made by news media when the principal purpose of the request is to access and disseminate information regarding the health, safety, and welfare or the legal rights of the general public. In setting the amount of the waiver or reduction, the Village may take into consideration the amount of materials requested and the cost of copying them.

(d) The fee for each abstract of a driver's record shall be as provided in Section 6-118 of "The Illinois Vehicle Code", approved September 29, 1969, as amended, whether furnished as a paper copy or as an electronic copy.

SECTION 14. Exemptions. The exemptions applicable to this Ordinance shall be the same as the exemptions provided in 5 ILCS 140/7 and 140/7.5, and as may be amended from time to time.

SECTION 15. Denial of Records.

(a) Upon a denial of a request for public records, the Village shall notify the requester in writing of the decision to deny the request, the reasons for the denial, including a detailed factual basis for the application of any exemption claimed, and the names and titles or positions of each person responsible for the denial. Each notice of denial by the Village shall also inform such person of the right to review by the Public Access Counselor and provide the address and phone number for the Public Access Counselor. Each notice of denial shall inform such person of his right to judicial review under 5 ILCS 140/11.

(b) When a request for public records is denied on the grounds that the records are exempt under 5 ILCS 140/7, the notice of denial shall specify the exemption claimed to authorize the denial and the specific reasons for the denial, including a detailed factual basis and a citation to supporting legal authority. Copies of all notices of denial shall be retained by the Village in a single central office file that is open to the public and indexed according to the type of exemption asserted and, to the extent feasible, according to the types of records requested.

SECTION 16. If the Village receives a request for records, and asserts that the records are exempt under 5 ILCS 140/7(1)(c) or (1)(f), the Village shall, within the time periods provided for responding to a request, provide written notice to the requester and the Public Access Counselor of its intent to deny the request in whole or in part. The notice shall include: (i) a copy of the request for access to records; (ii) the proposed response from the Village; and (iii) a detailed summary of the Village's basis for asserting the exemption.

SECTION 17. Within seven working days after receipt of a request for review from the Public Access Counselor, the Village shall provide copies of records requested and shall otherwise fully cooperate with the Public Access Counselor.
